MEMORANDUM FOR: Acting Director of Central Intelligence  
SUBJECT : TKH Billets  
REFERENCE : Action Memorandum No. B-16, dtd 25 August

1. I strongly endorse the proposed statement concerning the number and utilization of TKH billets. I think that there is unquestionably a need for a larger number of these billets within various organizational components of CIA.

2. Specifically within the DD/R there is an immediate need for a few new billets, and a total of 25 to 30 is anticipated within the near future. Research utilizing TKH materials is essential to further deployment and operational planning of some of our major technical collection programs.
